Gaming Headset Over-Ear with 3.5 mm Stereo jack and blue LED light for PC, Laptop and Game Consoles

Description

This gaming stereo headset by Delock has been developed for the playback and recording of audio signals, especially in the area of gaming. It is also suitable for skyping, video conferences or online courses.

Item no. 27182

EAN: 4043619271825

Country of origin: China

Package: Retail Box

Outstanding sound experience

The **40 mm** headphone audio drivers feature crystal clear sound as well as **deep bass** for a premium gaming experience.

Multi-platform compatibility

Thanks to the international standard (CTIA) 3.5 mm stereo jack plug and the included Y jack adapter, the headset can be connected to various gaming systems such as **PC**, **laptop**, **Xbox One S** or **PS4**.

Low noise microphone

The microphone picks up voice and vocal transmissions clearly thanks to the **flexible microphone arm** and noise cancellation.

Comfortable to wear

The headset has a soft and padded headband. The resistant and soft ear pads enclose the ears optimally. Due to the low weight of only **about 230 grams**, the headset is remarkably light and thus offers a comfortable wearing comfort even during longer use. The headband can be adjusted to the preferred head size.

Cable remote control & quick-mute switch

There is a cable remote on the cable that can be used to adjust the volume on the headset as required, and the **quick-mute switch** can be used to instantly mute the microphone.

Please Note

The USB connector is only to power the blue LEDs on the headset, not for the function of the headset.
