Fan Grill 172 x 150 mm aluminum – fan dust filter with stainless steel filter mesh

Description

This aluminum fan grill by Delock provides reliable protection against dust, dirt, and foreign objects. It is ideal for use on fans, ventilators, and electronic enclosures. The sturdy aluminum construction and integrated stainless steel filter mesh ensure good air circulation and high filtering efficiency at the same time.

With stainless steel filter mesh

The built-in 304 stainless steel filter mesh is manufactured in one piece using a precision die-cutting process. It is heat-resistant, corrosion-resistant, and designed for long-term use. With a dust filtration efficiency of ca. 89%, it effectively helps to protect sensitive components from contamination and increase the service life of the devices.

Item no. 67707

EAN: 4043619677078

Country of origin: China

Package: Zip poly bag

Technical details

- For fan size: 172 x 150 mm
- External dimensions: ca. 182 x 150 mm
- Mounting type: screw mounting
- Mounting hole diameter: ca. 4.0 mm
- Pitch of screw hole: ca. 162.0 mm
- Protection rating: IP40
- Filter type: stainless steel 304
- Dust removal rate: 89 %
- Temperature range: -10 °C ~ 55 °C
- Frame material: aluminium
- Colour: silver

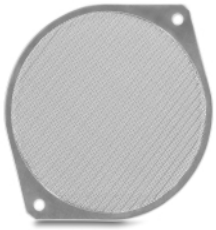

Package content

- Fan filter protection
