Delock USB-C™ KVM Switch to HDMI and DisplayPort 8K MST with USB 2.0

Description

This KVM switch by Delock is a convenient solution for connecting two computers with USB-C™ DP Alt Mode output to one HDMI and one DisplayPort monitor. Two monitors can be operated simultaneously at the outputs. By using the button you can switch between both computers.

Peripheral devices

Furthermore, three USB 2.0 ports for mouse and keyboard or USB storage can be connected.

USB powered

The device is powered via a USB port, a suitable USB cable is included. If no free USB-A port is available, an optional external power supply is required.

Multi-Stream Transport (MST)

The product is a Multi-Stream Transport (MST) hub and supports the extended desktop configuration of DisplayPort. In Windows, the connected monitors are controlled individually, and can be combined into one large display.

Item no. 11485

EAN: 4043619114856

Country of origin: China

Package: Retail Box
