Delock Mouse pad greige 220 x 180 mm glass coating

Description

This soft mouse pad by Delock is especially suitable for everyday use of a computer mouse. With its rubberized underside it is non-slip and can be used on various surfaces.

"Glass" Coating

The mouse pad by Delock is particularly characterised by its **special surface coating**, the so-called glass coating, which makes the surface very smooth. This allows the mouse to **glide much faster and more accurately** than on conventional mouse pads.
