

Anti-vibration Silicone Mount short for fan 10 pcs black

Description

These anti-vibration silicone plugs by Delock allow for decoupled installation of PC fans and effectively reduce vibrations and annoying noise for quieter operation. The flexible silicone material reliably decouples the fan from the case—without any metal contact. Due to their compact design, they are particularly well-suited for tight installation spaces. Ideal for PC case fans, gaming systems, and workstations.

x 10

Item no. 62199

EAN: 4043619621996

Country of origin: China

Package: Zip poly bag

Technical details

- Suitable for PC fans
- Effective vibration damping
- Toolless assembly
- Replaces standard fan screws
