

# Coaxial High Speed HDMI cable HDMI male to Micro HDMI male 8K 60 Hz 1 m

## Description

This High Speed HDMI with Ethernet cable by Delock enables the connection between a camera or tablet with Mini HDMI interface and a monitor or TV with an HDMI port.

By supporting a maximum bandwidth of 48 Gbps, content up to 8K Ultra HD (7680 x 4320 @ 60 Hz) resolution can be displayed.

### Dynamic HDR and Dolby® Vision support

Supporting Dynamic HDR and Dolby® Vision, the cable is ideal for home cinema and gaming applications. Colours are realistically displayed with impressive depth, brightness and contrast are optimally reproduced.

### Perfect sound with eARC support

The Delock HDMI cable supports Enhanced ARC (eARC). This allows HDMI devices such as Blu-ray players to be connected directly to the TV. The uncompressed audio signals are then transmitted directly and lossless to the connected sound system via the audio return channel.
