

Fan Cable splitter 1 x 4 pin PWM female to 4 x 4 pin PWM male black – 40 cm long with 20 cm branch

Description

This fan cable by Delock can be used to connect 4 PWM fans to a PWM header on the motherboard. This allows multiple fans to be controlled and powered simultaneously via a single connection. It is the ideal solution for computers and servers that require centralised control and power supply for multiple fans. Perfect for improved cooling and more efficient fan management.
