

Cable Connector RJ45 jack to RJ45 jack Cat.6 with M23 x 1.5 mm thread and protective cap 90° angled IP68 dust and waterproof black

Description

This cable connector by Delock can be used to connect or extend two RJ45 network cables and is ideal for switch cabinet.

90° angled RJ45 cable connector – space-saving and flexible for tight spaces

The 90° angled design of the cable connector allows for space-saving installation in tight or hard to reach areas. The cable routing is efficiently adapted to the available space, preventing cable slack and tangles. This makes integration into compact housings, machines, or control cabinets much easier.

IP68 dust and waterproof

The sealing cap protects the RJ45 female port from moisture, damage and dirt in outdoor areas when not in use.
