

Crimping tool for terminal crimp contacts AWG 10 - 28

Description

With this tool by Delock, a terminal crimp contact can be quickly and easily connected with a wire. The rubberised handles provide a firm grip during the crimping process.

Multi-tool

This plier is a real multi-tool thanks to various AWG crimp sizes. Therefore **small computer pins & sockets of the AWG 26-28 as well as e.g. wire end ferrules of the AWG 10-14** can be crimped.

Integrated blade

The plier has an integrated blade to allow working in one step.

Please Note

The plier is equipped with an opening spring, with a smooth suspension which makes it easier to work with one hand.

Item no. 90543

EAN: 4043619905430

Country of origin: China

Package: Blister

Technical details

- Metal pliers with plastic handles
- Cable suitable for crimping: AWG 10 - 28
- Connectors suitable for crimping: e.g. Terminal crimp contacts, wire end ferrules, fork cable lugs
- Colour: yellow / black
- Dimensions (LxWxH): ca. 185 x 55 x 15 mm

System requirements

- Cable suitable for crimping
- Connectors suitable for crimping

Package content

- Crimping tool

Physical characteristics

Length:	185 mm
Width:	55 mm
Height:	15 mm
Colour:	yellow
