

Crimping tool for 8P / RJ45 modular plugs with cutter and stripper (Easy-Connect)

Description

With this tool by Delock a network cable can be installed quickly and easily to a connector.

8P / RJ45 modular plugs with strain relief clip

The pliers are ideal for crimping shielded RJ45 modular plugs with strain relief clips, as also standard RJ45 plugs. This can be adjusted via an adjusting screw.

Integrated cutter and stripper

The pliers have two blades in the handle for cutting and stripping. One of the two blades is individually adjustable in height with a screw.

Ergonomic design

The ergonomic handles and the non-slip material ensure optimal working.

Please Note

The pliers are equipped with a locking mechanism to prevent accidental closing or opening.

Item no. 90577

EAN: 4043619905775

Country of origin: China

Package: Retail Box

Technical details

- Metal pliers with with rubberised handle
- 2 blades, one for cutting the other to strip
- Connectors suitable for crimping: RJ45
- Colour: blue / black
