

## Interface

|            |                 |
|------------|-----------------|
| connector: | 1 x RJ50 Buchse |
|------------|-----------------|

## Technical characteristics

|                         |                                                                |
|-------------------------|----------------------------------------------------------------|
| Operating voltage:      | 5 V                                                            |
| Operating temperature:  | -20 °C ~ 60 °C                                                 |
| Current consumption:    | Standby: 75 mA<br>Betrieb: 262 mA                              |
| Resolution:             | 640 x 480                                                      |
| Scan rate:              | 200 Scans pro Sekunde                                          |
| Trigger:                | scan button                                                    |
| Reading distance:       | 30 mm - 350 mm                                                 |
| Sensor:                 | Laser                                                          |
| Scancodes:              | EAN-8<br>EAN-13<br>Interleaved 2 of 5<br>Code 128<br>ISBN – 13 |
| Surrounding brightness: | 100000 Lux                                                     |

## Physical characteristics

|               |        |
|---------------|--------|
| Weight:       | 120 g  |
| Cable length: | 2 m    |
| Length:       | 165 mm |
| Width:        | 82 mm  |
| Height:       | 65 mm  |
| Colour:       | black  |
