

Cable RJ45 plug to RJ45 jack Cat.6 for installation with M20 x 1.5 mm thread and housing compatible with Starlink IP68 dust and waterproof 1 m black

Description

This RJ45 cable by Delock is the ideal solution for connecting a Starlink satellite internet connection to a home network. It ensures stable and fast data transfer between the Starlink router and other devices.

With additional housing

The housing can be screwed to the female port and enables a waterproof network connection, e.g. outdoors.

IP68 dust and waterproof

The sealing cap protects the RJ45 female port from moisture, damage and dirt in outdoor areas when not in use.

Please Note

The cable is not suitable for use with conventional RJ45 sockets.
