

Keystone Module RJ45 jack to LSA Cat.6A 45° angled connector, shielded, 180° cable routing tool-free metal

Description

This module by Delock can be used to connect a network cable and is suitable for easy snap-in mounting in various holders, such as keystone patch panels, face plates or surface-mount boxes.

45° angled RJ45 connector

The 45° angled connector on the Keystone module enables space-saving and flexible installation. The angled outlet ensures efficient cable routing and easy patch cable installation, especially in tight or hard to reach areas. Ideal for installations where space is limited and compact cabling is required.
