

# 19" 1U Patch Panel 24 port Cat.6 with LED and strain relief rail unshielded black

## Description

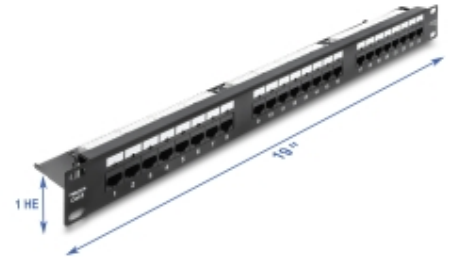

The 19" patch panel (1U) with 24 Cat.6 RJ45 ports by Delock serves as a central distribution point for structured network cabling. The cables are securely connected via LSA connectors on the rear, while the robust metal housing ensures stability in the network cabinet.

### With LED indicator

The integrated LED status indicators on each port facilitate troubleshooting and enable quick identification of active connections. Ideal for professional IT infrastructures, server rooms and network cabinets.

### With strain relief

The strain relief rail secures the network cables in place with cable ties, relieves strain on the LSA connections and ensures neat and stable cable routing.

**Item no. 91087**

EAN: 4043619910878

Country of origin: China

Package: Box

## Technical details

- Connectors:
  - 24 x RJ45 jack
  - 24 x LSA
- For mounting in 19" network cabinet, 1U
- Cat.6 specification
- Unshielded
- LED status indicator per port
- With strain relief
- With port numbering
- TIA-568A/B pinout
- For solid or stranded wire (26 - 22 AWG)
- Housing material: metal
- Colour: black
- Dimensions (LxWxH): ca. 482.6 x 84.0 x 44.5 mm

## Package content

- 19" patch panel

- Mounting material

### General

Mounting type:	19 in
Specification:	Cat. 6

### Interface

Connector 1:	24 x RJ45 jack
Connector 2:	24 x LSA

### Physical characteristics

Housing material:	metal
Cable gauge:	26 - 22 AWG
Shielding:	unshielded
Length:	482.6 mm
Height:	44.5 mm
Colour:	black
