

Fan Cable DC female 5.5 x 2.1 mm to 2 x 4 pin fan connector male (2 pins connected) with switch 1 m

Description

This fan cable by Delock can be used to connect 2 fans via 5.5 x 2.1 mm DC female. This allows several fans to be operated simultaneously via an external DC power source. The cable is perfect for additional or external cooling projects and offers a simple solution for operating case fans.

With on / off switch

The practical switch allows the fan to be switched on or off directly without having to disconnect the cable. This offers maximum flexibility in cooling and enables quick and easy control of PC or case fans.
